# Announcement of the Grand Opening of the Official EC Store: "KeePer Online Shop"

KeePer Technical Laboratory Co., Ltd. (HQ: Obu City, Aichi / COO: Toshiyuki Kaku) is delighted to announce the opening of our official EC store, "KeePer Online Shop," starting from Tuesday, September 5, 2023.

By launching the independent EC site rather than a marketplace, we aim to cater to the needs of customers who prefer to wash their own cars while ensuring they can confidently use genuine products.

"Smartphone screen image."

In the future, we will not only sell new products and seasonal items but also expand the use of this EC site's content to develop a 'B-to-B' site for KeePer product distributors.
