Announcement of the Launch of "Dry Car Wash" which can be done simultaneously with the EV Fast Charging service at the KeePer LABO Osu Store

KeePer Technical Laboratory Co., Ltd. (Headquarter: Obu City, Aichi / President: Toshiyuki Kaku) announced the installation of "EV Fast Charging Stations" to meet the needs of EV customers, and the launch of "Dry Car Wash" as a service that provides a professional-quality car wash without water during quick charging.

急速充電と一緒に
【プロの洗車品質を】
ドライ^{カー}ウォッシュはじめました
例: テスラ モデル3 ¥5,220 (急速充電込み)

■Store Name: KeePer LABO Osu Store

Location: 20-1 Furuwatari-cho, Naka-ku, Nagoya City, Aichi Prefecture, Japan
Business Hours: 9:00 ~ 20:00 / Closed on Tuesdays (except holidays)
<https://keeperlabo.jp/shop/detail/28>

■The Price of "Dry Car Wash"

5,220 yen (including tax and fast charge) for a L-size vehicle such as Tesla Model 3.
In addition to the waterless car wash, it also includes wheel cleaning and vacuuming of the driver and passenger seats.

We will start providing the service at other KeePer LABO stores in due course after evaluating the response from customers using the dry car wash.
